What a fabulous celebration was had by both staff and students on Thursday morning as we celebrated 2013 Book week. With the topic of Read Across the Universe our children worked hard to create stars that represented their favourite book. The Multipurpose Hall was a galaxy of colour as our LIL, Kinders and classes up to Grade 6 shared their stars with their peers. It was great to see so many parents come along to share this time with their children. A big thank you also goes out to the LIL parents who came along with their children in costume. If for some reason you were unable to join us on the day please feel free to come into the Primary foyer to look at all the stars on display.

Mrs Sandy Long - AST Primary
From the Principal

Xanadu - Newstead College
What a great production Xanadu was! The opening night was dedicated to Rowan Seward and his family. I thought this was a beautiful gesture. I couldn't help but think that Rowan would have loved the clever humour and appreciated his friends skilful and talented performances. Congratulations to Roy Barnes, Nathan Smallbon, Aaron Beck and Curtis Hodgetts. You all represented Cressy District High School with distinction.

Farewell to our Japanese Friends
On Friday we farewelled our twelve Japanese visitors at a luncheon at school before departing on Saturday for their return home. We are absolutely thrilled with the positive outcomes of the program for our students and community and the language improvement of the Japanese students was significant and noticeable. Our guests spent their time attending classes and generally experiencing life in Tasmania. There is no doubt that our guests had a wonderful time and this is largely due to the hospitality provided by their host students and families. Thank you to all the people who have hosted our Japanese visitors, as a program such as this cannot proceed without your support and commitment to providing a safe, enjoyable and positive experience. Sincere thanks to Mrs Patricia Godillion who organised the engaging and challenging school teaching program and Mrs Cath Clifford who cleverly and skilfully placed the Japanese students and supported hosting families. This program has greatly contributed to students, their families and our community understanding of intercultural understanding, being a global citizen and knowledge of the world.

Parent and Student Surveys
Later this year all government schools will be conducting parent and student surveys to collect information regarding perceptions of our school. There are specific instructions that we must adhere to in this regard. Some people in our community will remember doing these surveys in the past for Cressy School or neighbouring primary schools. This year the surveys will be conducted electronically. A sample of students and parents will be randomly selected. We would really appreciate your participation if you happen to be selected for these surveys. I will provide more detail on these surveys as it comes to hand.

Four Year Strategic Plan
It is an ideal time to remind ourselves of our four year Strategic Plan as we are just past half way through the first year. Our plan focuses on three broad goals of quality teaching, literacy and numeracy and student engagement. The plan then takes these broad goals and describes strategies and targets in relation to quality teaching, literacy, numeracy, curriculum, attendance and retention. These areas will be the focus of our school improvement over the next four years. Everyone can help us work towards these goals, strategies and targets. The plan is securely underpinned by the core values of:

- Doing your best
- Looking after our school
- Earning our school a good name
- Treating others with respect
- Being prepared for all types of learning
- Co-operating with everyone,
- Respecting school and others' property
- Being honest and reliable and being good to each other

Parents and Guardians, if you have concerns about your child's education, please feel free to come in to talk with us. We want the very best for every student in our care and we are here to listen.

Warm regards

Annette

Newsletter Now Published Fortnightly

We will no longer publish a Mini News fortnightly. If there is urgent news for parents/guardians between newsletters, a letter will be sent to relevant recipients.
Northern Midlands Primary Schools Sports Association
Life Membership Presentation

Congratulations to Mr Bent who was presented with life membership of the Northern Midlands Primary Schools Sports Association. Mr Bent was a highly motivated person within the NMPSSA Association, where he played an extremely important role. During his eight year involvement with the Northern Midlands Association he has undertaken a variety of roles including: Vice President, organiser of the Swimming ‘B’ and Cross Country Carnivals, leading the students selected to swim in the Northern Midlands ‘A’ swimming carnival, assisting with the organisation of the Northern Midlands Athletics Carnival, organiser of the Country Gold Football Carnival and manager of the Country Gold Football Team. Mr Bent thoroughly deserves his life membership and must be thanked for the time he has put into the NMPSSA committee.

Mr Steven Andrews - Teacher

Country Gold

On Friday August 16th Cressy District High School sent twenty students from Grades 5 and 6 to the Northern Midlands East Country Gold sports trials. All students participate admirably across their chosen sport. Unfortunately, not all students were successful in their attempt to make the respective teams. Thirteen students were selected. Everyone should be very proud to be selected to represent Cressy at the trials. Of those successful it is important that all students maintain a high level of teamwork and sportsmanship across both days of the carnival and at training. Congratulations to all Country Gold team members.

Mr Steven Andrews - Teacher

Cressy Representatives at Country Gold Trails

Back: Zac Connell, Nick Donaldson-Adams, Ben Donohue, Mkenzi Brazendale, Brock Costello, Henry Jones

3rd Row: Jacob Glover, Varlen Barron, Kane Lockett, Shaynelle Armstrong, Liam Nicholson, Jed Hodgetts

2nd Row: Isaac Chugg, Connor Frankcombe, Dannielle Saltmarsh

Front: Luke Smith, Jordyn Batchelor, Max Kuschimirz-Chugg, Hayden Morris, Tayla Luttrell

Introducing - Percy George Tabe

Our newest member of the Cressy family.

School Association

We welcome and encourage all families and school community members to attend meetings and be involved. The next meeting is Thursday 5th September at 7.00pm in the Donna Ritchie Meeting Room.

If you would like a School Association representative to call you or you have suggestions, please feel free to leave a message at the school office, 63976281 and a call will be returned as soon as possible.
Wanted

Glass jars for the Art Room.

Any size, clean and with lids.

Please leave at the school office.

New Canteen Menu commencing
2nd September

Fathers Day Stall
Friday 30th August
9.30am to 11.30am
Donna Ritchie Room
Purchases range from $1.00 - $10.00

Three or more is very poor.
Get control.

National Asthma Week 1st – 7th September
If you’re using you’re your blue reliever puffer three times or more a week, your Asthma is out of control. Most people with out-of-control asthma don’t have to put up with it. Gone are the days when people with asthma had to rely on reliever medication all the time. Now we have medication that will prevent asthma flaring up in the first place.

Contact the Asthma Foundation of Tasmania on 1800 278 462 to have a free chat about controlling your asthma and also receive your FREE brochure: ‘Ten things to ask and tell your doctor’.

Grade 9s have a taste of College Life

Over the past two weeks all the Grade 9s have visited both Launceston College and Newstead College in readiness for planning their future pathways in 2015. They were both fortunate enough to have a free taste of cafeteria food which made a big impact! However, as part of our Inspiring Futures Plan, they were given extensive tours of both colleges and introduced to the wide range of subjects they can select from. Special thanks to Elizabeth Bennett from Launceston College and Peter Bird from Newstead for hosting the days for us. All our students walked away with positive and exciting impressions.

Katie Lester - 9/10 AST

Beijing Summer School Memories

The day we set off to China I had no idea that my view on life would change completely. Living in Beijing for ten days made me realize how lucky we actually are here in Australia and how grateful I am for the things I have. The cultural difference is huge! Their toilets are basically just holes in the ground, their school days go for nine hours, from 7:30am to 4:30pm, and they’re blocked from using social networking sites like Facebook and YouTube! The weather was over thirty degrees the whole time we were there, which was unbearably hot and humid, you could hardly breathe!

All in all though, it was definitely a trip that I’ll remember for the rest of my life, and I encourage everyone to take the opportunity to go for it, if it is ever to arise again, I promise that you won’t regret it! I’ll never forget all the amazing people I met and all the friends I made, and all the once-in-a-lifetime things I got to experience like walking the Great Wall and standing in Tiananmen Square! The time I spent in Beijing was short but sweet and I’d go back and do it all again in a heartbeat!

Sara Hawkins

I met so many people ranging from England, Canada, China, Malaysia, Sydney and many more. I made good friends with many Canadians such as Kelly, Trevor, Chris and some others. Everybody I met there was friendly, kind and caring. We learned a lot about China and the other countries that some of our friends came from. We went to the Great Wall, Forbidden City, Summer Palace, Tiananmen Square, and a lot of other places.

We had a taste of the traditional Chinese food that was very different, but it was good. At the school there was a big soccer field and an athletic track around it. Every day after we got back from trips we had some dinner and then a lot of people would be out playing soccer. Once we were playing at night time and Bailey tried to stop the ball but slipped over and fractured his arm. This trip really opened my eyes and it made me appreciate everything I have back at home.

Positive Parenting Tips for Healthy Child Development

Middle Childhood (6-8 years of age)

Developmental Milestones

Middle childhood brings many changes in a child’s life. By this time, children can dress themselves, catch a ball more easily using only their hands, and tie their shoes. Having independence from family becomes more important now. Events such as starting school bring children this age into regular contact with the larger world. Friendships become more and more important. Physical, social, and mental skills develop quickly at this time. This is a critical time for children to develop confidence in all areas of life, such as through friends, schoolwork, and sports.

Here is some information on how children develop during middle childhood:

Emotional/Social Changes

Children in this age group might:

- Show more independence from parents and family.
- Start to think about the future.
- Understand more about his or her place in the world.
- Pay more attention to friendships and teamwork.
- Want to be liked and accepted by friends.

Thinking and Learning

Children in this age group might:

- Show rapid development of mental skills.
- Learn better ways to describe experiences and talk about thoughts and feelings.
- Have less focus on one’s self and more concern for others.

Positive Parenting Tips

Following are some things you, as a parent, can do to help your child during this time:

- Show affection for your child. Recognize her accomplishments.
- Help your child develop a sense of responsibility—ask him to help with household tasks, such as setting the table.
- Talk with your child about school, friends, and things she looks forward to in the future.
- Talk with your child about respecting others. Encourage him to help people in need.
- Help your child set her own achievable goals—she’ll learn to take pride in herself and rely less on approval or reward from others.
- Help your child learn patience by letting others go first or by finishing a task before going out to play. Encourage him to think about possible consequences before acting.
- Make clear rules and stick to them, such as how long your child can watch TV or when she has to go to bed. Be clear about what behavior is okay and what is not okay.
- Do fun things together as a family, such as playing games, reading, and going to events in your community.
- Get involved with your child’s school. Meet the teachers and staff and get to understand their learning goals and how you and the school can work together to help your child do well.
- Continue reading to your child. As your child learns to read, take turns reading to each other.
- Use discipline to guide and protect your child, rather than punishment to make him feel bad about himself. Follow up any discussion about what not to do with a discussion of what to do instead.
- Praise your child for good behavior. It’s best to focus praise more on what your child does ("you worked hard to figure this out") than on traits she can’t change ("you are smart").
- Support your child in taking on new challenges. Encourage her to solve problems, such as a disagreement with another child, on her own.
- Encourage your child to join school and community groups, such as a team sports, or to take advantage of volunteer opportunities.
Positive Parenting Tips for Healthy Child Development

Child Safety First
More physical ability and more independence can put children at risk for injuries from falls and other accidents. Motor vehicle crashes are the most common cause of death from unintentional injury among children this age.

- Protect your child properly in the car. For detailed information, see the American Academy of Pediatrics’ Car Safety Seats: A Guide for Families.
- Teach your child to watch out for traffic and how to be safe when walking to school, riding a bike, and playing outside.
- Make sure your child understands water safety, and always supervise her when she’s swimming or playing near water.
- Supervise your child when he’s engaged in risky activities, such as climbing.
- Talk with your child about how to ask for help when she needs it.
- Keep potentially harmful household products, tools, equipment, and firearms out of your child’s reach.

Healthy Bodies
- Parents can help make schools healthier. Work with your child’s school to limit access to foods and drinks with added sugar, solid fat, and salt that can be purchased outside the school lunch program.
- Make sure your child has 1 hour or more of physical activity each day.
- Limit screen time for your child to no more than 1 to 2 hours per day of quality programming, at home, school, or afterschool care.
- Practice healthy eating habits and physical activity early. Encourage active play, and be a role model by eating healthy at family mealtimes and having an active lifestyle.

Primary News

Book Week is one of my favourite parts of the school year and this year has been no exception. To see and hear our primary students down in our Multipurpose Hall with a star and favourite book in their hand was wonderful. Every child was so proud of their star and shared it with their peers with such confidence and pride. If you were unable to make our sharing time please feel free to pop into the primary foyer and have a look at the display of stars.

Delta Dog Safety Program
Kinder to Grade 3 enjoyed a very enjoyable yet serious visit from the Delta Dog Program which works with the children about the dangers of unfamiliar dogs. This is a great topic for you to speak to your child about.

Young Tassie Scientists
As part of Science Week the Young Tassie Scientists came to Cressy to talk to our Grade 5 – 7 children about Science and what Scientists really do. We were lucky to have Jayden Clark (Neuroscientist), Sonita Singh (Discovery Ranger), Rosie Clark (Neuroscientist) and Esme Candish (Chemist). Our children were really eager to listen and join activities that our visiting scientists brought along to share.

Souper School
The last two weeks have seen our 1/2 and Prep class make some yummy soups to share with their peers. 1/2 Richelme made some Pumpkin Soup and Prep made vegetable soup. This is such a great way to get our children eating vegetables, especially if they get to help make it.

Dates for your Diary
- 30th August 5/6 sport at Cressy
- 6th September 5/6 sport to be confirmed

Mrs Sandy Long - AST Primary

Newsletter available online!
The weekly newsletter is now being uploaded to the “new look” school website in full colour:

Previous week’s newsletters will also be available for your reference as well.

You can also have the newsletter emailed to you each week, contact the office with your email address and we will add you to the mailing list.
